EDITOR DAILY STANDARD :- Having read the motations and remarks contained in your paper of Aug. 8th and 9th, on Spiritualism, I saw that not a few regarded it as a help meet for Christianity. But having made myself acquainted with this subject, I beg to state that it was affirmed by spiritual com-munication, in presence of myself and compe-tent witnesses, that Jesus Christ is in a very high state of glory; that the happiness which our deceased friends enjoy is not on account of what He did and suffered; and that the

Holy Scriptures are good.

It was asserted that the Holy Scriptures are good, but take from them the way of salvation through Christ and nothing is left but an unsatisfying husk. If he was not God manifested in the fiesh, he has dishonoured manifested in the flesh, he has dishonoured God more than any man that ever lived, inasmuch as he has taught me and millions more to worship him as a divine person. If he was not the Messiah promised to the fathers, he was a vile impostor, and I do not believe that persons of this description are ever raised to the highest state of glory, or, as beautifully expressed in scripture, "Has a name above every name." Therefore I truly believe that Spiritualism, or Modern Necromancy, is one of the lying wonders of the Devil, who, by personating our dear departed friends, is seeking to sap the foundation of Christianity, and, if possible, thereby deceive the very elect.

His first staff service was with that fine soldler Bugeaud in Algeria. Chief d'escadron and major in 1846, and lieutenant colonel in 1853, his first European service was in the Italian campaign. At the commencement of the Crimean war he was made chief of the general staff, and by reference to Kinglake's history it will be seen that in all conferences with Lord Ragian, Trochu, rath-er than St. Arnaud or Canrobert, was spokesman on the part of France. Throughou the campaign, having been made general o origade in 1864, he occupied the position o chief, an office analogous to that of Gneisena under Blucher, given in just recognition of his military ability and skill. MAGIC SOAP.

Directions for Using Robinson's Magic Soa for doing a Large Family Washing in Two Hours, of Five or Siz Dozen Preces. 1. Cut up fine a bar of the Soap, and put one-half for it into your boiler with sufficient water to cover well your white clethes to be washed, and let the Soap dissolve; then put your clothes in, stirring them, and let them just come to a boil; then pour out clothes and water into a tub and let them soak twenty or this ty minutes, stirring them round in the tub occasionally to loosen the dirt. Such articles as collars, wristbands or any ar icle very dirty, should be rabbed through the hands a little while soaking in order to thoroughly loosen the dirt before boiling.

2. While your clothes are soaking put the other half of your cut Soap into your boiler, with sufficient clean water to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boiling water, and let boil from 5 to 10 minutes; then rinse, blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and white.

3. For your colored and woollen clothes use the same

white.

3. For your colored and woollen clothes use the same water you soaked and boil your white clothes with, only heating it up again, and peur it over your colored and woollen clothes, and let soak the same as your white clothes, also rubbing them through your hands while soaking, if very dirty. Then rinse in clear water, warm as your hands will bear, and you will thus accomplish a large washing in two hours.

By cutting up a bar of this Soap into two gallons water, and let boil until thoroughly dissolved, and then leave to cool, you will have two gallons of beautiful SOFT SOAP, as good as Common Soap for general house purposes.
